How Does it Work?

When your friend opens a new WCCU savings or checking account, you receive \$10 deposited directly into your savings account.

It's Easy!

Just fill out the form and pass it along to your friend or family member eligible to join W club (ages 13-18). They simply present this form when they open a qualifying new account with us.

\$10 will be credited to referring member's account after new member account is open and in good standing with WCCU. New members must not have any prior relationships with WCCU. \$100 is the maximum cash referral amount a member can earn.

Thank You!
